INDUSTRIES CORPORATION

**Trusted Partner in
Industrial Chemicals**

COMPANY PROFILE

ABOUT US

Company Overview

Kemichem Industries Corp. is a reliable and well-established supplier of high-quality industrial chemicals in the Philippines. With over a decade of experience, we have consistently provided our clients with top-grade chemical products used across manufacturing, water treatment, mining, and various industrial applications.

Mission Statement

To consistently deliver premium products and services at competitive prices, creating value and long-term partnerships with our customers.

Vision Statement

To be the leading provider of industrial chemical solutions in the Philippines—recognized for quality, reliability, and customer-centric service.

OUR CORE VALUES

Integrity

We uphold transparency, honesty, and ethical practices in every transaction.

Customer Focus

We listen, respond, and deliver solutions tailored to your needs.

Innovation

We strive for continuous improvement in our products and processes.

Excellence

We commit to delivering quality in everything we do.

WHAT WE OFFER

OVERVIEW

Kemichem Industries supplies a wide range of high-quality industrial chemicals designed to meet the needs of various sectors, ensuring reliable performance and consistent value.

- **Wastewater & Water Treatment:**

Essential chemicals for purifying, disinfecting, and balancing water quality in industrial and municipal systems.

- **Swimming Pools**

Reliable solutions for maintaining pool hygiene, clarity, and chemical balance with industry-grade sanitizers and treatments.

- **Electronics & Semiconductors**

High-purity chemicals for precision cleaning and etching processes used in electronics and manufacturing.

- **Mining & Manufacturing**

Industrial-strength compounds designed to support mineral processing, extraction, and production operations.

- **Soap & Detergent Production**

Key raw materials used in the formulation of soaps, detergents, and cleaning agents for both industrial and consumer use.

- **Industrial Solvent Applications**

A wide selection of solvents for degreasing, cleaning, dissolving, and other essential processes across multiple industries.

WHY CHOOSE US?

Consistent product quality.

Reliable supply chain and delivery network

Competitive pricing without compromising standards.

A company built on trust, experience, and professionalism
